

Pursuant to Section 299.83, Wis. Stats., the Department of Natural Resources (DNR) hereby gives notice that DNR has received an application for participation in Tier I of Green Tier from Times Printing Co, Inc., 100 Industrial Drive, Random Lake, Sheboygan County, WI 53075. Times Printing is a general commercial and periodical printer in Random Lake. The company was established in 1918 as a newspaper publisher. Since then, the company has grown as a family owned and managed business for the past 86 years. As part of the company's commitment to environmental improvement, they replaced 3 catalytic oxidizers with one regenerative thermal oxidizer. This resulted in a dramatic reduction in energy use and an increased destruction of VOCs. Times Printing's Green Tier participation will expand upon these past successes and their Environmental Management System will identify additional areas for environmental improvement.

Also within the 30-day comment period, individuals may request a public informational meeting concerning this application by submitting a written request to the DNR contact. If DNR determines there is significant interest in this application, DNR will hold a public informational meeting.

How DNR will make final decisions

DNR will determine whether the applicant has satisfied all of the eligibility requirements in sec. 299.83(3), Wis. Stats. If all eligibility requirements are met, DNR will approve this application unless doing so is not in the best interest of the Green Tier program. A decision by DNR to approve or deny an application for Tier I of Green Tier is not subject to review under state laws governing contested case hearings.

For the Secretary:
